Investment policy

The Fund is constructed as a feeder bond fund. The Fund invests at least 85 percent of its assets in the master fund (whose performance is measured in EUR). Furthermore, the Fund may invest (up to 15 percent of the Fund assets) in financial derivatives negotiated exclusively for the hedging purposes, and in money market instruments (deposits) in the Czech or foreign currencies. The Fund assets without any currency hedging shall not exceed 25 percent of the Fund assets.

The master fund, Raiffeisen-Europa-High Yield Fund, represents a standard open-ended mutual fund managed by Raiffeisen Kapitalanlage-Gesellschaft m.b.h. The master fund invests predominantly (at least 51 percent of the fund assets) in bonds denominated in EUR with lower than 'investment' rating (Baa3 by Moody's or BBB- by Standard & Poor's or Fitch), or in bonds that have no ratings at all, issued by governments, supranational institutions or undertakings.
