Investment policy

The Fund represents a special collective investment fund.

The characteristics of the Fund are that of a mixed investment fund. The Fund invests primarily globally in equity and other instruments bearing equity-type risks. The Fund may also appreciate the entrusted funds by way of bank deposits and by investing in bonds or in similar securities and money market instruments. The composition of the individual elements of the Fund assets will be managed actively. It may form up to 100-percent of the Fund assets in the event of a neutral assessment of the market trends by the Investment Company and such equity and other risk-bearing instruments may be completely sold out from the Fund assets if the Investment Company has an extremely negative view of the market trends. The Fund may also invest substantially in derivatives as part of its investment strategy. Other funds' units may form up to 100-percent of the Fund assets.

Recommendation: The fund may not be suitable for investors planning to recover their invested pecuniary funds within a term shorter than ten years.
